Record of Racing 2017/18 Season

Note to the reader:

Due to the inconsistent record keeping of this year, these records cannot be guaranteed to be entirely accurate. Some races are missing, some races may not have occurred, some crews may be incorrect et cetera. These records rely mainly on the *Rowing Ireland* tracker system which is not in itself accurate. Let this be a lesson to any future records secretaries. It is my opinion that most of these records are correct, should you have any errata, please submit them.

Crews are in the order: Bow – Stroke, Coxswain
