

Neptune Regatta

River Liffey, Co. Dublin
19th May 2024

Remarks

Rescheduled from April due to high winds and stormy weather, Neptune Regatta was moved to the day after Trinity Regatta and utilized the same course, with the exception of starting from the Boohouse Bend, resulting in a course length of 1200m. Sunday provided sunny skies, warm temperatures and slight tailwind with occasional gusts. While DUBC crews may have looked slightly worse for wear on account of being the day after the infamous Trinity Regatta night out, good racing took place providing valuable experience for all crews.
