

Trinity Regatta

River Liffey, Co. Dublin
17th-18th May 2024

Remarks

Friday held interment overcast skies with generally warm temperatures and negligible wind. High temperatures, blue skies and a marginal headwind along the course meant ideal racing conditions for Saturday. Due to high number of entries this year, the event was split over two days, with the majority of heats and early rounds of certain events/categories being held on Friday, followed by subsequent rounds on Saturday.

Crews

Senior 1x
